Honorable Felix J. Boudreaux  
Commissioner of Conservation  
Office of Conservation  
Post Office Box 94275  
Baton Rouge, LA 70804-4275

Re: 19,000' Tuscaloosa Zone, Reservoir E  
MORGANZA FIELD  
Pointe Coupee Parish, Louisiana

Dear Commissioner Boudreaux:

Application is hereby made on behalf of **BP AMERICA PRODUCTION COMPANY** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters relating to the 19,000' Tuscaloosa Zone, Reservoir E, in Morganza Field, Pointe Coupee Parish, Louisiana:

1. To redefine the 19,000' Tuscaloosa Zone, Reservoir E, as being that gas and condensate bearing zone encountered between the depths of 18,860 feet (which depth is correlative to 18,930 in the BP America Production Company – D. C. Brown No. 2 Well) and 19,623 feet (electrical log measurements) in the BP America Production Company – F&L Planters No. 4 Well, located in Section 76, Township 4 South, Range 8 East, Pointe Coupee Parish, Louisiana.

2. Except insofar as set forth above, to confirm and continue in effect the 19000 TUSC RE SUA and 19000 TUSC RE SUB, as established by Office of Conservation Order No. 1102-B-5, effective October 16, 2001.

3. To consider such other matters as may be pertinent.

April 19, 2002

Page 2

The 19,000' Tuscaloosa Zone, Reservoir E, in the Morganza Field, Pointe Coupee Parish, Louisiana, was previously defined in Office of Conservation Order No. 1102-B-5, effective October 16, 2001, and is redefined as mentioned above in Item No. 1.

The applicant is proposing to expand the 19,000' Tuscaloosa Zone, Reservoir E, by lowering the base of the defined interval to 19,623 feet, as seen in the BP America Production Company – F&L Planters No. 4 Well. The top of the zone is not being changed; however, it is being defined by reference in the BP America Production Company – F&L Planters No. 4 Well, rather than BP America Production Company – D. C. Brown No. 2 Well. No changes are being proposed to the existing boundaries of the reservoir, comprised of Sand Unit A and Sand Unit B. Said units are shown on the plat attached hereto and made a part hereof.

Pertinent data, including well logs, may be obtained AT THE COST OF THE REQUESTING PARTY, from W. H. Robbins & Associates, 140 Rue Beauregard, Suite 100, Lafayette, Louisiana 70508, Telephone Number (337) 232-5004.

Pursuant to the Rules of Procedure, a pre-application conference was held in Lafayette, Louisiana on Thursday, April 18, 2002, at which the parties named on the attached list were in attendance. The conference was opened by representatives of the applicant. Questions were asked and answered. No counterplans were presented, nor was any opposition expressed to the proposals of the applicant. The conference was then adjourned.

Attached hereto and made a part hereof are a plat, the conference attendance list and the list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished only to the Commissioner of Conservation and the District Manager of the Lafayette District of the Office of Conservation; however, the list of parties will be furnished to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, enclosed is our check on behalf of the applicant, in the amount of \$700.00, made payable to the Office of Conservation representing the required hearing application fee.

Very truly yours,

Richard W. Revels, Jr.
